

RC 16

BATTERY OPERATED SHEAR

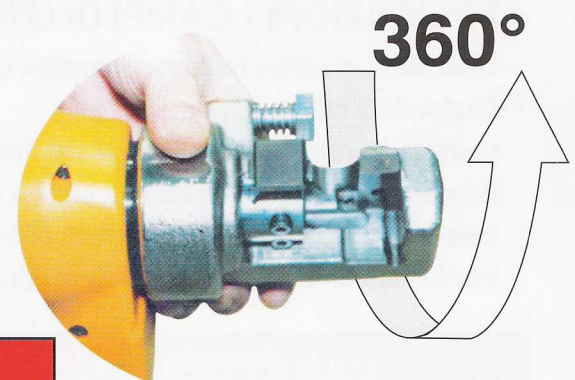

The SOMMER RC 16 is the more powerful battery operated shear available today on the market. With a weight of only 5,5 Kg. can cut with incredible speed wires and steel rods with diameters up to 16 mm. Thanks to the battery cordless functioning can be used any where relieving the operators from all problems deriving from the electric power cable. The RC 16 is an "operator friendly" tool because its absolute impossibility of causing electric shocks hazards and for its ergonomics, the handle guarantees a perfect grip and the cutting head can be rotated by 360° allowing the ideal approach to the rebar to cut, the moving blade is double guided for avoiding distortions. Practical quiet and easy to use the shear assures thousands of cuts in autonomy and safety. The RC 16 is supplied in a plastic box that includes the

accumulator charger, two blades sets, the service tools and two batteries. The shear is equipped with an indicator that shows in real time the state of the battery charge.

APPLICATION FIELDS - MARKETS

- Wire drawing industries, bolts, springs, chains manufacturing.
- Construction industries, metal works and demolition.
- Intrusion tool for rescue and fire fighting operations, fast cutting of grids, steel shutters, locks, chains, etc.
- Ideal as a "backup tool" in concrete processor mills for cutting rebars and rod tangles.

Cutting head can be rotated by 360° with steps every 45°.

TECHNICAL CHARACTERISTICS

| | |
|-------------------------|---|
| WEIGHT | 5,5 KG. |
| CUTTING CAPACITY | UP TO A Ø 16 mm |
| CUTTING POWER | 14 ton |
| CUTTING SPEED | ABOUT 4 SECONDS PER CUT |
| BATTERY AUTONOMY | 80 CUT Ø 13 · 60 CUT Ø 16 |
| BATTERY POWER | 14,4 VOLT 2 AH |
| BATTERY RECHARGING TIME | 25 min. |
| STANDARD ACCESSORIES | 2 BATTERIES - 2 SETS OF BLADES 1 BATTERY CHARGER - SERVICE TOOLS |
| CARRYING CASE | SHOCK PROOF PLASTIC BOX |

Warranty 12 Months on defects in material, assembly and workmanship, labour and transport costs are not covered by warranty. Do not exist any other warranty implicit or explicit. Sommer reserves the right to change products characteristics without notice. The RC 16 must be used wearing all safety protections.
